SERVICES: During Summer 2002, WIT trained 140 CPS schoolteachers to develop

SCOPE OF

of instruction to each participant over a three (3) week period and provided a variety of learning experiences. The Web Wide Web Institute held sessions and learning experiences. Instruction took place in homerooms of 20 participants grouped according to prior experiences with the Internet and with the integration of the Internet resources into the classroom. Each homeroom was

specially trained to serve as WIT mentors. A series of plenary sessions brought together the entire WIT curriculum was made available (and remains available) on-line so that

in the server allowing space for Web pages and other materials to be stored. In fact, the communication between the mentors and other participants. These server accounts will be maintained for at least a year following the Institute to support ongoing practice and classroom use of materials created during the Summer 2002 Institute. For participation in the Summer 2002 Institute, each
