- Network monitoring for designated infrastructure hours a day, seven days a week, 365 days a year.
- Equipment audits at regular intervals with the Board, including covering any device changes as required.

Vendor will also continue to provide installation, configuration, and project management for the following equipment and initiatives:

- Replacement of network equipment at approximately seventy schools to include replacement of switches, wireless access points, and wireless network interface cards. This also will include incidental low voltage cabling and minor construction.
- Upgrades to school MDF room network equipment.
- Upgrades and installation of core networking equipment.

	In addition to these s	ervices, Vendor will provide	e maintenance services for an Intrusi	on Prevention
