monitoring process objectives; (2) tracking program outcomes, including the federally required Government Performance and Results Act (GPRA) outcomes over the project period; (3) analyzing strategic planning with key\_pattners using process and outcome information; and (4) collecting and

analyzing baseline <u>and outcome</u> data. Four types of data will continue to be used in the evaluation: (1) directly collected qualitative fieldwork and interview data; (2) program monitoring data collected by <del>SS/HS</del> staff; (3) school survey data from existing sources and sources collected by CPS<del>/SS/HS</del> and consultant staff over the course of the grant period; and (4) administrative data from public agencies. The evaluation will continue to assess targeted <del>community</del> implementation <u>in specific schools</u>. with a more focused evaluation on students and schools in the South Shore community.

DELIVERABLES: Consultant will continue to collect qualitative data complete structured interviews with
