will affect staff and student attendance reporting inasmuch as non-attendance days are converted to attendance days and attendance days are converted to non-attendance days. However, action on the modified calendars will not affect payroll distribution as affected employees' annual salary is, by agreement, prorated over 26 pay periods, regardless of the number of days worked in a payroll period.

Applicable collective bargaining agreements provide that "Effective September 1, 2004 . . . For attendance reporting, the Human Resources Department, Payroll Services shall make provision for electronic record keeping of staff attendance on days converted from non-attendance days to attendance days and AMPS office shall notify payroll clerks at affected schools concerning proper reporting procedures.
