ADOPT A CHARTER SCHOOL QUALITY POLICY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board adopt a Charter School Quality Policy.

PURPOSE: This policy sets out the charter school academic performance standards which shall be considered when the Board evaluates a charter school's request to expand or replicate. The standards .

III. STANDARDS FOR CHARTER SCHOOL EXPANSION: If a charter school seeks to expand, the GFO will make recommendations to the Board for approval of school expansion based on the following

standards:

(A) Charter school operators who operate a single-site charter school will have their applications for expansion recommended to the Board for approval if the school has a current two-year SQRP point value average of 3.2.

(B) Charter school operators who operate two or more charter schools or campuses will have their applications for expansion recommended to the Board for approval if (i) all of the operator's schools or

VII. OTHER CONSIDERATIONS: Nothing in this policy prohibits the CEO from making individual

recommendations regarding charter school expansion or replication, non-renewal or revocation based on

the totality of factors the CEO deems relevant, including but not limited to the quality of the charter
